In the spirit of prolific international relations and academic cooperation, Vytautas Magnus University (hereinafter referred to as "VMU") and the M. Kozybaev North Kazakhstan State University (hereinafter referred to as "NKSU") wish to strengthen their ties further, in accordance with their mutual interests in delivering programmes of academic excellence and cultural diversity. Hence, NKSU and VMU have decided to conclude this Agreement on a Double Diploma Programme (hereinafter the "DDP") that allows students to obtain two degrees at the graduate level.

This Agreement has been entered into between VMU and NKSU to facilitate credit transfer and provide a smooth transition of students from NKSU to VMU in order for them to obtain VMU Master's degree in Environmental Science and NKSU Master's degree in Ecology. The Agreement is in compliance with the Law on Higher Education and Research of the Republic of Lithuania and the Law on Education of the Republic of Kazakhstan.

2. SCOPE OF COOPERATION

This Agreement delineates the legal and organizational framework for the DDP in Ecology. The programme will provide the opportunity to graduate students from NKSU to simultaneously pursue the Master's degree in Environmental Science from VMU and Master's degree in Ecology from NKSU, by completing the first year of their academic studies in Ecology at NKSU and continuing the next year of their studies in VMU, fulfilling the requirements necessary to obtain the Master's degree in Environmental Science, and in accordance with the transfer chart provided in Appendix 2. The aim is to enable NKSU students of Ecology to receive degrees from both Universities.

Upon the successful completion of the DDP, the following degrees shall be awarded by the partner institutions:

NKSU

- *Master in Ecology (Programme in 6M060800 Ecology)*

VMU

- *Master in Environmental Science (Programme in Environmental Management)*

3. PROGRAMME MANAGEMENT

3.1 Both Parties agree to provide all necessary means and resources to implement and operate the DDP in accordance with the conditions set forth in this Agreement.

3.2 VMU shall assist the incoming DDP students when dealing with academic, administrative, organisational and social-cultural issues.

3.3 Each institution will nominate a programme coordinator who will ensure that the DDP proceeds in accordance with a mutually agreed academic plan, and that this Agreement is executed in full.

3.4 The programme coordinators assigned in both institutions shall be obliged to do the following:

a) identify the target number of students to study in the DDP each year; the number will be negotiated and determined well in advance prior to the deadline for submitting applications, being regulated on a

yearly basis, depending on the availability of places;

- b) guarantee the monitoring of the study program and its compliance with regulations on both the institutional and the national level;
- c) discuss and approve changes in the programme, including the number of credits, teaching load, co-independent work by the student, etc.;
- d) approve the final study plans of the student (Learning Agreement);
- e) monitor, control and implement the quality assurance plan;
- f) manage administrative and academic issues.

4. ADMISSION REQUIREMENTS, SELECTION AND STUDY PROGRAMME

4.1 The candidates to enter the programme shall be selected by NKSU in accordance with the selection criteria jointly defined and agreed upon by NKSU and VMU. The selection of the participants in the DDP will be based on:

- a) Transcript of student's records with his/her courses and grades;
- b) Letter of confirmation from the sending institution;
- c) Language proficiency certificate;
- d) Other requirements set between the partner institutions;
- e) For students from NKSU as the sending institution, the required English level is B1¹ or higher, alternative - 4,5 or higher grade of IELTS exam.

4.2 Selected students will be reviewed by VMU upon completing a formal application to the degree programme within the deadlines imposed by the partner institution.

4.3 VMU has the right to reject candidates proposed by the NKSU for academic rationales or any other substantial reason that has occurred during the joint selection process, but is obliged to motivate this rejection.

This Agreement applies to NKSU students of Ecology master study programme who have successfully completed the courses, the volume of which is 60 credits according to European Credit Transfer System (ECTS) (this number may slightly vary each year due to the actual regulations of NKSU and VMU).

4.5 The courses shall be taught in English during the studies in VMU.

4.6 Within the programme, the degrees of NKSU and of VMU shall be managed separately. This means that once selected for the programme, the students shall regularly and separately enrol into the Master's programme at VMU or NKSU. The separate management of two degrees also enables the student to quit the DDP and continue his/ her studies in the NKSU programme only.

4.7 This Agreement provides the selected students with the guarantee that the credit transfer and recognition mechanisms shall be implemented. VMU shall also send the transcripts of records (ECTS model) to NKSU as soon as they are available and vice versa. At the end of two years, each student shall be subjected to a procedure designed to examine whether he/she has fulfilled all the requirements necessary to receive the degree from both institutions. This procedure shall be jointly monitored by the academic coordinators managing the DDP in both institutions.

4.8 According to the rules prevailing in each institution, students may receive an honourable mention, if they fulfil the requirements.

The fourth semester (preparation of master thesis) can be done in VMU or in NKSU. In order to meet the requirements for a double diploma, the students are required to study for at least one (1) semester at the receiving institution and must obtain the credits required by the specific course at the partner institution and the remaining semesters and credits at their sending institution.
