Information Letter

Dear colleagues,

Turan-Astana University invites students and young researchers to participate in the International Olympiad on Artificial Intelligence on the topic:
"Next-Generation Intelligent Systems: Evaluation, Challenges, and Opportunities"
The Olympiad will be held in two stages at our university.

Purpose of the Olympiad:
To develop interest in modern technologies, stimulate research activities in the field of artificial intelligence, and identify and support talented young specialists in this area.

Dates:
• Stage I (qualifying round): October 22, 2025
• Stage II (final round): November 5, 2025

Participants:
The Olympiad invites:
• College and university students, as well as young specialists interested in artificial intelligence.

Olympiad Program:

Stage I – Qualifying Round
🗓 October 22, 2025 (in-person, Astana, Turan-Astana University)

During the qualifying round, participants will:
• Solve theoretical and practical problems in artificial intelligence;
• Attend masterclasses and panel sessions with leading experts and representatives of the IT industry.

Participation in the first stage will not only test knowledge but also provide valuable experience and recommendations from industry professionals.

Stage II – Final Round
📅 November 5, 2025 (in-person, Astana, Turan-Astana University)
Based on the results of the qualifying round, the best participants will be invited to the final, where they will:
• Present their own projects in artificial intelligence (developments, research, prototypes);
• Take part in expert evaluation, experience exchange, and discussions on the prospects of AI development.

Awards and Certificates:
• All participants will receive personalized electronic participation certificates.
• Winners and prize-winners will be awarded diplomas and memorable prizes from Turan-Astana University.
• The best projects will be recommended for participation in international competitions and hackathons.

Registration:
To participate, please complete online registration by October 20, 2025 at:

https://docs.google.com/forms/d/e/1FAIpQLSek_XIMrMLNbYhwovdp8amgZbt_XbtbfzqmwT2rfsHhUfbefg/viewform

Detailed information about participation rules, assignment formats, and evaluation criteria will be available on the official university website.

Best regards,
Organizing Committee of the International Olympiad on Artificial Intelligence
