

INFORMATION LETTER

**Ministry of Health of the Kyrgyz Republic
I.K. Akhunbaev Kyrgyz State Medical Academy
Nurses Professionals Association of Kyrgyz Republic**

DEAR COLLEAGUES AND PARTNERS!

On May 12, 2026, the 7th International Nursing and Midwifery Forum 2026 titled **“Nursing and Midwifery Without Borders: Experience, Science, and Innovation”** will be held.

The International Nursing and Midwifery Forum has been held annually in the Kyrgyz Republic since 2018 and, over the years, has become one of the key professional platforms for discussing pressing issues in nursing and midwifery, the development of education and science, and enhancing the role of nurses and midwives within the healthcare system.

The Forum brings together specialists from different countries and is aimed at exchanging professional experience, discussing modern challenges, and introducing innovative approaches into clinical practice and education. Within the framework of the event, participants have the opportunity to present scientific and practical developments, discuss research findings, and expand professional cooperation at both national and international levels.

The **VII International Nursing and Midwifery Forum 2026** will be held under the motto **“Nursing and Midwifery Without Borders: Experience, Science, and Innovation”** and will traditionally be organized at the **I.K. Akhunbaev Kyrgyz State Medical Academy**. The Forum is a significant international event focused on the exchange of scientific achievements and practical skills in the field of medicine, the development of professional dialogue, the strengthening of international cooperation, and the formulation of modern approaches to improving the quality of nursing and midwifery care.

Within the framework of the upcoming Forum, the following activities are planned: •

- plenary sessions with the participation of leading specialists from the Kyrgyz Republic, the Republic of Korea, and other countries;
- presentations of scientific and practical research in the field of nursing and midwifery;

- discussion panels on актуальные issues of professional development and the implementation of innovations in clinical practice.

Participation in the Forum will provide a unique opportunity to:

1. discuss current trends and best practices in nursing and midwifery;
2. establish international cooperation and professional contacts;
3. exchange experience in implementing innovative technologies in medical practice;
4. jointly develop strategies to improve the quality of patient care.

As part of the Forum, **abstracts for poster presentations are now being accepted!**

- Education and science in nursing and midwifery
- Innovative practices in nursing and midwifery care
- Digital competencies of nurses and midwives
- Other topics in the field of healthcare
- **Important Dates:**
 - Abstract submission period: February 12, 2026 – March 20, 2026
 - Announcement of selection results: April 10, 2026 – April 15, 2026

Working languages: Kyrgyz, Russian, and English
